HP 8" df808c1 Digital Picture Frame

HP df808c1 Digital Picture Frame with 128MB internal memory gives you an easy way to enjoy and share your favorite pictures with family and friends, all without a computer!

It's so easy to use. Just take your pictures, remove the memory card from the digital camera, insert it into the picture frame, and enjoy the picture slideshow. It's that simple!

HP df808c1 offers an 8" contemporary black frame with 800x600 high-resolution picture display and supports most commonly used memory cards. Its built-in USB port also supports USB thumb drives adding more flexibility for picture sharing. Whether it is your best friend's wedding, your son's graduation, the newborn child, or any special occasion, you can now display your memorable moments through this elegant digital picture frame.

Creative and Fun

- Elegant and modern design with hidden IR sensor
- 128MB internal memory allows you to store your favorite photos
- Watch a video or slideshow of your pictures while playing your favorite music
- The clock and calendar options are ideal for home and office use
- Copy pictures from memory card or the PC onto the picture frame
